by fire, their business was interrupted and there was long vexatious and cost-ly litigation. Then came the bad years of 1892, 1893 and 1894 and the strain was too great for the resources of the firm and today the assignment came. Mr. Lee Bloom when asked about the assignment said:

"From the effects of the fire of 1889 we never quite recovered as we could not collect the trade that scattered. Then came the panics of 1892 and 1893 preventing us from making any money and as there was a general decline in prices, averaging to about an average of 30 to 35 per cent, our losses can well be imagined on the large stock of goods

we were compelled to carry.
"We fought hard and were just beginning to believe that we saw better times ahead when other losses occurred and other compliations arose in the east. Our paper, which always sold well in New York, was declined and the last week a bank in New York with whom we have been doing business for years cut down our line of credit to just one half and at a time when we needed at most. There were large am-ounts for merchandise maturing—over \$50,000 alone in New York and beween this and December about \$350,000 more.
"We have not been able to go over our books, but our liabilities are about \$1,200,000 and assets above that amount, but what they will realize in liquidation

THEY CALL IT OVER WORK

Business requires a clear head; yet how few business men-with all their sense--realize what is the trouble with their heads. They call it over work, worry, anything but what it really isindigestion. This stealthiest of ailments usually comes disguised as somthing else. Wouldn't you be convinced if a box of Ripans Tabule cleared your head and brightened up the outlook?

Ripane Tabules: Sold by druggists, on by mail if the price (14 cents a box) is sent to The Ripans Chemical Company, No. 10 Spruce et., New York.
